

The background of the slide is a photograph of a modern living room. It features a light-colored sofa with a yellow cushion, a coffee table with an open magazine, and a side table with a lamp, clock, and framed picture. The room is decorated with a potted plant and a vase. The overall color scheme is warm and neutral.

# FURNITURE INDUSTRY

*End-to-End Process to Start Furniture  
& Materials Industry*

01 → Company Registration

06 → Plant, Machinery

02 → Employee & Social Compliance

07 → Testing Lab

03 → Licenses & Approvals

08 → Trainings

04 → Certifications

09 → Consultants

05 → Digital Systems

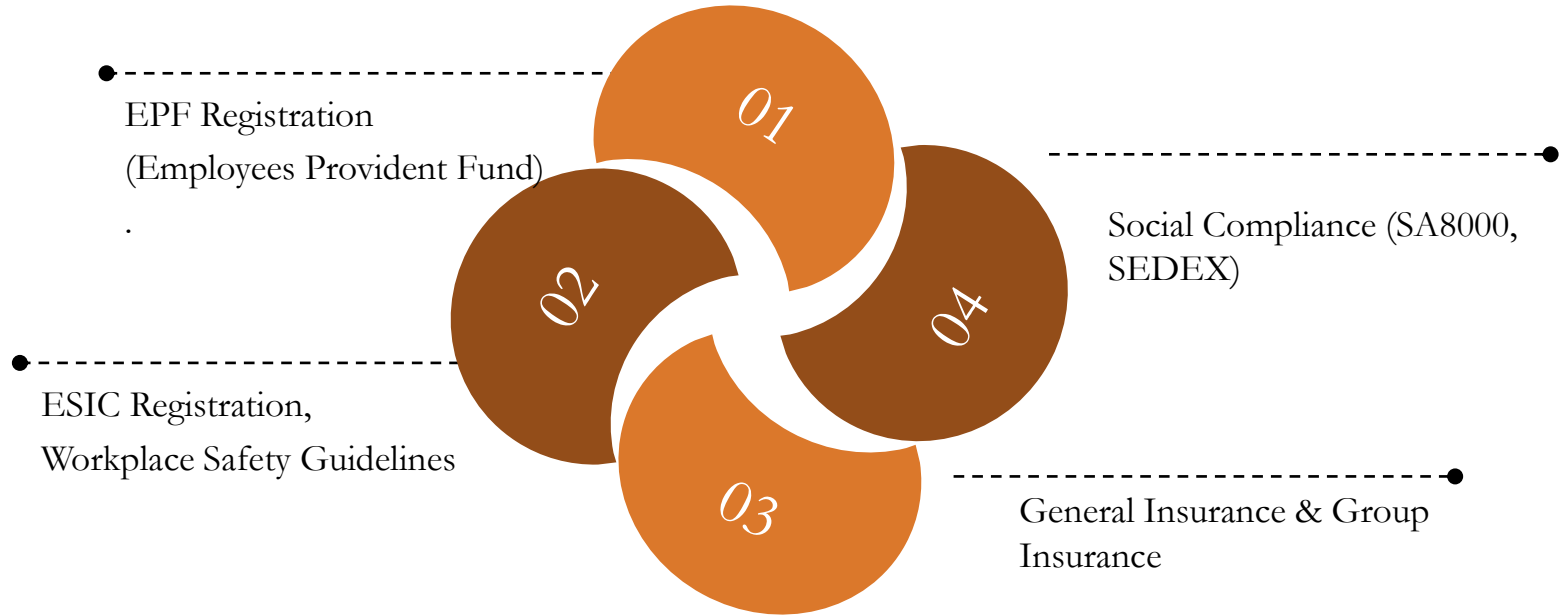

10 → Documents

## Company Registration

- Incorporate company (Private Limited / LLP / Partnership / Proprietorship)
- PAN, TAN, GST Registration
- Udyam / MSME Registration (for benefits/subsidy)
- Bank Account

# Employee & Social Compliance

# Licenses & Approvals

## License 01

Factory License, Fire  
NOC

## License 03

Pollution Control Board  
Approvals

## License 02

Boiler License (if steam-  
based processes)

## License 04

Weights & Measures  
Registration (for  
packaged products)

# Certifications

**ISO 9001 – Quality Management System**

**ISO 14001 – Environmental Management**

**ISO 45001 – Occupational Health & Safety**

**FSC / PEFC Certification (for sustainable timber)**

**Product Testing Certifications (strength, durability, fire resistance)**

**Barcode & QR Code Registration**

**REACH / RoHS Compliance (if exporting)**

# Digital Systems

Corporate Website  
Development (product  
catalog, compliance display)

STEP 01

IPR (Trademark for brand,  
logo; Copyright for  
manuals/software; Patents  
if innovative design)

STEP 03

STEP 02

ERP Software for  
Manufacturing, Inventory,  
HR, Compliance (SAP,  
Oracle, Zoho, Tally ERP)

# Plant, Machinery & Equipment

01

STAGE 01

Wood Cutting Machines, Edge Banding Machines

02

STAGE 02

Sanding Machines, Presses (hot/cold) for laminates

03

STAGE 03

Spray Painting & Finishing Booths  
Assembly & Packing Lines

04

STAGE 04

Storage Racks, Material Handling, Boilers / Chillers

Plant,  
Machinery &  
Equipment

# Testing Lab

- Material Testing (Tensile, Shear, Bending)
- Durability & Life Cycle Testing
- Fire Resistance & Safety Testing
- Coating/Finishing Quality Testing
- Dust, VOC, Emission Monitoring  
(if required)

# Trainings

01

Equipment Operation & Maintenance

---

02

Safety & Firefighting Training

---

03

Handling Hazardous Chemicals  
(adhesives/paints)

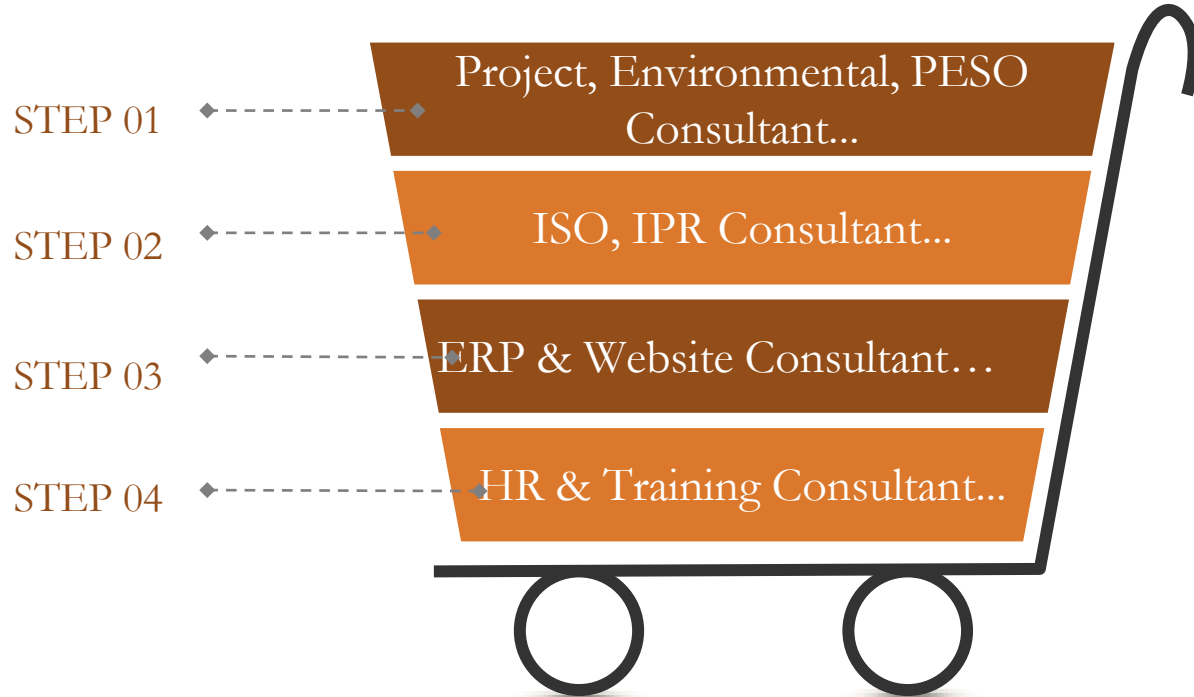

---

04

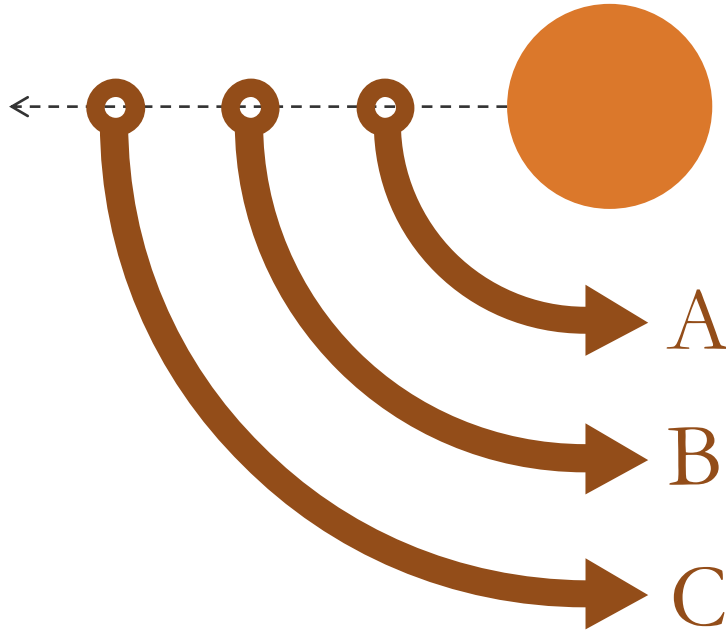

ISO, Quality & Social Compliance  
Awareness

---

# Consultants

# Documents Required

**A** Incorporation Documents, EPF & ESIC  
Certificates, Insurance Policies

**B** Land Lease, Plant Layout , Process /  
Material Flow Diagram, Product Testing &  
Safety Certificates

**C** Barcode / QR Code, ISO, REACH, FSC ,  
Employee Training
