

# ISO 14001:2015 CERTIFICATION PROCESS

- Environmental Management System (EMS)
- Presented by: [PRIYA CONSULTANCY (I) PVT. LTD.]

# INTRODUCTION TO ISO 14001

## WHAT IS ISO 14001?

- ISO 14001 is an internationally recognized standard that sets out the criteria for an Environmental Management System. It helps organizations:
- Identify and control their environmental impact
- Improve environmental performance continuously
- Ensure legal compliance with environmental laws and regulations

# KEY ELEMENTS OF ISO 14001:2015

- Context of the organization
- Leadership
- Planning (Risks, Opportunities, Objectives)
- Support (Resources, Awareness, Communication)
- Operation (Environmental Controls)
- Performance Evaluation
- Improvement

# CERTIFICATION PROCESS OVERVIEW

1. Gap Analysis
2. EMS Documentation
3. Internal Audit
4. Management Review
5. Stage 1 Audit (Document Review)
6. Stage 2 Audit (On-site Evaluation)
7. Certification Decision
8. Surveillance Audits
9. Recertification (every 3 years)

# STEP 1 – GAP ANALYSIS

- Review current system
- Identify gaps with ISO 14001 requirements
- Plan for implementation

# STEP 2 – EMS DOCUMENTATION

- Environmental policy
- Legal & regulatory compliance register
- Objectives and targets
